EDUCATION

Western Kentucky University, Bowling Green, KY

August 2021 - May 2025

Studied Computer Science in and out of classes during these times.

Relevant Courses Include: Introduction to Web Programming, Data Structures, Database Management Systems 1 and 2, Game Programming, Computer Organization and Architecture, Software Engineering, and more to come.

PROJECTS

Personal Website

September 2023 - Ongoing

This website represents my proficiency in key web development technologies: HTML, CSS, JavaScript for front-end design, and PHP and MySQL for dynamic functionality. It demonstrates my practical skills and passion for creating code and applying them to the real world.

EXPERIENCE

Bowling Green Parks and Recreation, Bowling Green, KY — *Parks and Recreational Maintenance*

May 2023 - September 2023

Contributed to the upkeep of parks and recreational buildings owned by the government.

Provided technical support to colleagues, addressing and resolving computer-related issues.

Performed a wide range of maintenance tasks to ensure a safe and enjoyable environment for the community.

SKILLS

Java, JavaScript,
CSS, HTML, SQL,
PHP, Flutter,
AngularJS, Unity
